

This supplement identifies benefit differences from those presented in the Real Choices small group product brochures.

Alcohol Abuse

Services are subject to plan benefits and a \$550 annual maximum per person. Behavioral Health and Substance Abuse Benefits will continue to be available for Outpatient treatment even when other maximums have been met.

Emergency Treatment

Emergency care covers a medical screening examination and treatment required to stabilize the condition. This includes ancillary services routinely available to the emergency department to evaluate a sickness or injury which manifests itself by acute symptoms of sufficient severity, that a prudent layperson with average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:

- placing the health of the individual in serious jeopardy
- serious impairment of bodily functions
- serious dysfunction of any bodily organ or part

Preventive Services

Well-child services are provided through age 8.

Child Health Supervision Services is limited to \$500 maximum from birth to age one. After age one there is an annual maximum limit of \$150.
