### *Now You Have a Choice.*

Every business is different. You want to choose the right carrier and plan benefits that work best for your business and budget. Assurant Health's Small Group health insurance portfolio - Real Choices® - lets you do just that.

Real Choices features two levels of benefits. At either level, plan benefits can be tailored to meet different needs and budget.

- **Real Choices I Plans**  
These premier plans are designed for the employer seeking the highest level of benefits. They provide the most extensive coverage and are ideal for established businesses.
- **Real Choices II Plans**  
These popular plans offer the most choices. They are designed for employers looking for that unique combination of benefits and price that will work best for their business.
- **Real Choices HRA and HSA Plans**  
These consumer choice plans are designed for employers seeking premium savings and tax savings.
