

SuperMed One Prescription Drug Coverage

Prescription drug coverage is an increasingly important part of a complete and dependable health plan. That is why all SuperMed One plans contain prescription drug coverage. Your SuperMed One ID card is your drug card. After a \$250 (per single person) or \$500 (per family) deductible, SuperMed One pays 80 percent of the first \$2,500 in prescription drug costs. (This calculates to a maximum benefit limit of \$2,000 per year.)

Or you can upgrade your prescription drug coverage. With SuperMed One's optional prescription drug rider, your out-of-pocket costs will be limited to a \$15/\$30/\$45 copay for each generic, formulary and non-formulary prescription filled. Pay the single copay for retail* or for home delivery, pay two times the copay for a 90 day supply. The annual deductible and co-insurance are waived.

Medco Health Solutions, Inc.

SuperMed One uses Medco Health as the pharmacy benefits manager to keep your prescription coverage affordable. This partnership benefits you through Medco Health's aggressive discounts on all your prescription drug purchases. Medco Health is one of the nation's largest pharmacy benefits managers, and their strengths further assures high quality, cost-effective prescription drug benefits for you.

Filling Your Prescriptions

With either the basic prescription plan or with the optional copay plan, it is easy to get your prescription filled either at a retail store or through the Medco Health Home Delivery Pharmacy Service™. At a retail store, simply present your SuperMed One ID card to the pharmacist at a participating Medco Health pharmacy (such as CVS, Rite Aid, Walgreens, and Medic Drug stores). For a complete pharmacy listing, click on Medco Health Solutions in the Member Services section of www.medmutual.com.

For maintenance drugs (prescriptions you take regularly) Medco Health offers home delivery. Simply mail your prescription and payment to Medco Health. Most prescriptions are processed, dispensed and delivered to you within 7 to 11 days. You can refill your home delivery prescriptions by phone by calling 1-800-417-1961, by mail using the mail service order envelope or online by clicking on Medco Health Solutions in the Member Services section of www.medmutual.com.

RationalMed - Medical Mutual's Integrated Care Strategy.

As a SuperMed One member, you are automatically enrolled in RationalMed, a unique Medco Health program designed to improve patient safety by preventing prescription drug related illnesses. RationalMed uses both your Medical Mutual claims data and your prescription drug experience to create a comprehensive view of your health care. This state-of-the-art technology can detect potentially harmful consequences from prescription drugs. We will automatically notify your physician if a potential safety concern is detected. A few examples of the alerts generated through RationalMed are:

- Two drugs taken together that could be harmful (drug interactions);
- An incompatible prescription with a particular medical history;
- One or more physicians prescribe a conflicting drug regimen;
- A prescription duration or dosage concern

MEDICAL MUTUAL™
health plans for life

* After the initial fill and two refills are processed within a 180 day period for a maintenance drug, and you continue to use a retail pharmacy to fill the order, you will be required to pay two times the retail copay.
